Financial status since Jan 2014

Interest paid-off 2012, 2013, 2014 and 2015	\$120,000
Short term loans paid off	\$215,000
Loan conversion to pledge (approx.)	\$55,000
**Not including interest paid to the bank on our loan	

How did we do this?

➤ Highlights

- Converted member loans to donations
- Reduced operating expenses, thus achieving more savings
- Fund Raising events
- More devotees traffic to temple – thus increase in donations (in Hundis)
- Increase in at home and at temple priest services / sponsorships
- Increase in prasadam and Annadam donations
- etc.

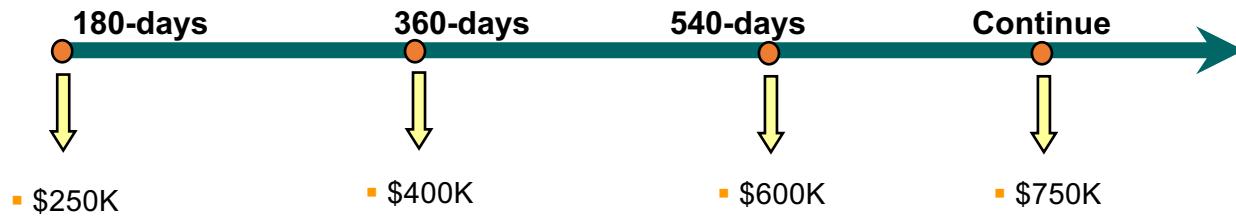

Who helped us?

- All volunteers
- All committee chairs / members

A big thank you to all volunteers who helped to reduce the temple debt, create a pleasant environment and finally a sustainable future !!!!

Next 24 months goals & targets

- Raise additional \$750,000 by End of December 2018.
- Pay-off all member loans.

Pay-off the member loans and plan for new infrastructure projects.

Start immediately. Continue fund raising for future temple development.

How !

- We have 3500 registered devotees in our system
- > 35% increase in devotees traffic since 2014
- Last year average donations > \$250 pledged from only 300 Members
- If we can tap in to rest of the 3000 devotees and increase pledge by at least \$200 an average by family
 - $3000 \times \$200 = \600000
- We already have a sustainable income to operate Temple and we are in healthy condition
- So, to my fellow founding members, my request is: communicate positive message to your friends and families. Please do not send negative message/s to anyone saying that temple cannot sustain in the future !!!! You're completely incorrect and you're not helping the temple!!!!
